None	None	SEI 3RL	Regional Expertise, Russia – Level 3	1. SEI 3RL is created as an authorized identifier in the enlisted classification structure. 2. Award criteria is "Award requires greater than three years of cumulative regional experience, to include frequent military to military and civilian official interaction while conducting official government business with Russia. Knowledge may come from a combination of formal area studies, education, military experience, in-country assignments, and/or specialized professional experience. Viewed as a knowledgeable and valuable resource for issues and trends particular to this region or area of specialization. Demonstrates in-depth understanding of a specific subject area and directly related factors that affect or influence this region. Makes professional assessments about regional issues and occurrences based on professional experience and awareness. Award requires ability to understand perspectives and motivations of regional populations and predict behavior within that cultural context. Uses cultural and regional knowledge and experience to operate in complex environmental and professional settings and understands how cultural similarities and differences relate to mission effectiveness. For example, may have experience initiating the development of requirements-related documents and policies and working directly with senior US and international officials on programs that affect US policy in-country and in-region. Professional experience includes conducting seminars, research, writing, teaching and/or extensive travel. Cumulative military and civilian official government business experience such as completion of foreign professional military education, joint exercise preparedness and/or participation and/or assignment(s) such as Advanced Enlisted International Affairs Specialist, Senior Enlisted Advisor-Airborne Intelligence, Surveillance and Reconnaissance; Security Cooperation efforts at MAJCOM, Geographic Combatant Command, or an Air Component; Inter-American Air Forces Academy (IAAFA), Inter-European Air Forces Academy (IEFA), or Inter-Pacific Air Forces Academy (IPAFA); prior service/interservice/interagency, Peace Corps or a Non-Government Organization (NGO) experience. SEI 9IM	Machine Learning	No Change	No Change	Criteria is revised to read: "Description: Designs, develops, and modifies machine learning (ML) algorithms, models, and software solutions to solve complex business problems. Responsible for managing the development and deployment of ML tools at the unit level. Guides junior enlisted team members. Essential for the effective deployment of ML tools at the operational and unit levels. Award Criteria: (1) Master's degree in an ML related field (examples: Machine Learning; Computer Science; Data Science; Artificial Intelligence; Computational and Mathematical Engineering; Robotics; Business Analytics; Electrical and Computer Engineering; Cybersecurity; Bioinformatics; Statistics; Human-Computer Interaction; Operations Research; NOT AN EXCLUSIVE LIST) (2) Participation in at least one ML project from development to deployment (3) Demonstrated knowledge of ML algorithms, ML models, and the ability to design, develop, and modify ML solutions. This can be demonstrated with ML related courses on transcripts, or a submitted portfolio of work (such as a link to member's Github, for example). Potential Job Roles: Leads ML project teams at the unit level, ensuring ethical compliance and alignment with broader military objectives. NOTE: Award and removal of the SEI is delegated to the unit commander with exceptions coordinated through SAF/AQ MIT."	MPS: 7. AFPC: 7. Manpower: 7.	N/A
SEI 9IO	AI Practitioner	No Change	No Change	Criteria is revised to read: "Description: Performs testing, evaluation, verification, and validation on AI solutions to ensure they are developed to be and remain robust, resilient, responsible, secure, and trustworthy; and communicates results and concerns to leadership. Acts as a liaison between enlisted personnel and AI specialists. Ensures effective usage of AI tools at the unit level. Plays a crucial role in the adoption and effective use of AI technologies at the unit level. Award Criteria: (1) Minimum of a Professional Certificate or Bachelor's degree in a relevant field (examples: Artificial Intelligence; Computer Science; Data Science; Robotics; Cognitive Sciences; Applied Mathematics; Software Engineering; Cybersecurity; Information Systems; Human-Computer Interaction; Electrical Engineering; NOT AN EXCLUSIVE LIST) (2) Proficient in at least one programming language and/or UX/UI principles. This can be demonstrated with programming and relevant AI/design related courses on transcripts, or a submitted portfolio of work (such as a link to member's Github). (3) Minimum of one year of experience in AI implementation Potential Job Roles: Works closely with both AI developers and end-users to ensure that AI tools are both functional and user-friendly. NOTE: Award and removal of the SEI is delegated to the unit commander with exceptions coordinated through SAF/AQ MIT."	MPS: 7. AFPC: 7. Manpower: 7.	N/A

Atch 4 is revised for AFSC 5R0X1 and the new requirements are as follows: MAGE: A51 (A35 and G44 is being deleted) PULHES: S1 (S3 is being deleted) Atch 4 is revised to remove Note 1 as a mandatory AFSC entry requirement. Atch 4 is revised for AFSC/SFSC 8G000 and the new requirements are as follows: MAGE: Add G33, M35 X: Delete G and Add K Note column is updated to add 1	No conversion action required.	N/A
Atch 5	Chief Enlisted Manager Codes	No Change	No Change	Atch 5 to is revised to retitle 1D700 .	No conversion action required.	N/A

Standard Conversion Instructions: Note number in the “Conversion Instruction Notes” column of this Change Summary and Conversion Instruction Guide refers to the standard instructions listed below. Notes are used singly or in combination to cover conversion instructions. However, written specific instructions may be added or substituted when a change requires special clarification.

NOTE	INSTRUCTIONS
1	Code deleted from Enlisted Classification Structure.
2	Code added to Enlisted Classification Structure.
3	Direct conversion actions: Automatically converts directly in Military Personnel Data System (MilPDS). Report on Individual Person (RIP) source document is provided. After all conversion actions are completed, Military Personnel Section (MPS) must update personnel into a valid manpower programming and execution system (MPES) position, when available.
4	No conversion action required.
5	Title change.
6	See Section I-B, Authorized Prefixes, of the AF Enlisted Classification Directory for an explanation of prefix award and deletion criteria.
7	Review and evaluation of an individual’s qualification are required before designating Specialty Experience Identifier (SEI). Manpower and Personnel representatives, with local functional help, will review authorized AFSC positions on unit manpower document (UMD) and designate SEI to appropriate positions.
8	<u>Indirect conversion actions:</u> a. Personnel. First AFSC listed under “New AFSC” column is the “preselect AFSC” that will be automatically selected and shown in preconversion listing available to MPSs no earlier than 45 days prior to the conversion date. MPSs, with the help of local functional representatives, will review and evaluate preselect preconversion to determine if (1) DAFSC/CAFSC match manpower position conversion, (2) CAFSC is at correct skill level, and (3) awarded AFSCs (P/2/3/4) are correct, according to individual’s qualification. More than one AFSC associated with this conversion may be awarded if individual qualifies based on background and experience. AFI 36-2101 applies. If review and evaluation finds preconversion preselect AFSCs are correct, MPSs will not change in MilPDS; if incorrect, MPSs must ensure that indirect conversion actions are appropriately updated post-conversion in MilPDS and source documents provided to the Airman and ARMS for file in his/her ARMS electronic record. For those Airmen not remaining in the preselect AFSC, MPSs must either prepare an AF Form 2096, <i>Classification/On-the-Job-Training Action</i>, documenting the correct indirect conversion AFSC information or edit the RIP produced after the conversion. After all conversion actions are completed, MPS must update personnel into a valid MPES position, when available. See AFCSM 36-699, volume 1, <i>Military Personnel Flight (MPF) Management and Military Personnel Data System (MilPDS) User Guidelines</i>, paragraph 5-2. b. Manpower. With the help of the functional manager, MAJCOM, and Field Operating Agency (FOA), manpower will determine UMD changes required to effect conversion and implement those changes in the MPES as soon as possible after notification by USAF Military Classification Development (HQ AFPC/DPSIDC) of approved indirect conversion but not later than 30 days prior to the conversion date. c. Pipeline Personnel. Pipeline personnel already on assignment as of effective date will convert as follows: For personnel with a report not later than date (RNLTD) within 120 days after the conversion effective date, Enlisted Assignments (HQ AFPC/DP2) will change projected AFSC in MilPDS to match position to which member will be assigned. On arrival, MPS will award Air Force Specialty Code (AFSC) coinciding with the position of assignment, unless previously awarded. Assignment of personnel with an RNLTD more than 120 days after conversion effective date will be reevaluated by HQ AFPC/DP2 and either confirmed, canceled, or diverted, based on post-conversion requirements at the tentative gaining unit and the individual’s qualifications for the AFSC in which he or she will be shipped.
9	MilPDS table changes required.
10	MPES table changes required.
